

PROFILE OF Dr. PKC BOSE

PROFESSIONAL GLORY:

A hardcore **Global Sustainability Advocate**, specialized in Wind energy, Water and Environmental sustainability domains, Dr. PKC Bose has many 1st time hat-tricks in his credits. He has successfully commissioned three most reputed German Corporations, in India, over a period of 3 decades of his professional life.

Dr. Bose is like a **'Brand Ambassador'** for German Mittelstand (MSME) Companies in India, as he has been instrumental for settling down many German Mittelstand (MSME) Companies in the country, as a Board member/Chairman/Advisor besides being the Founder Managing Director of SEW EURODRIVE INDIA, SAERTEX INDIA and ENERCON WINDENERGY (all are wholly-owned subsidiaries of German Companies).

Dr. Bose, was the Managing Director for India & Area Countries for SEW EURODRIVE, as he was the catalyst for 'ENERGY CONSERVATION' for various first-time applications in India. Then he moved to SAERTEX INDIA as Vice Chairman & Managing Director, and he introduced for the 1st time, the advanced composite materials in glass, carbon, and aramid for replacement of steel and metal for many applications. ENERCON the largest wind turbine maker in Germany had a very turbulent time in India, but Dr. Bose, smoothly sailed their re-entry into Indian market and made a huge success for them touching a turnover of Euro 250 million export, establishing 3 green field projects from 2019-2022 despite of COVID challenges as their Vice Chairman & Managing Director. He has stepped down in June 2023 after successful completion of his tenure for 5 years. Now he is an Advisor to ENRECON Global GmbH, Germany. He has now started his entrepreneur journey by Co-Founding **ENREGO ENERGY GmbH** in Germany and making a successful journey in green energy space. Dr. Bose has been campaigning for 'Sustainability', be it energy conservation, carbon emission reduction/energyefficiency and now, for green energy as the most sustainable source. He is largely known as the **'SUSTAINABILITY EVANGELIST'** in India. Dr. Bose is a certified Climate Reality Leadership Corps, trained by the former Vice- President of the USA, Mr. Al Gore, and was interviewed by Radio Australia on food sustainability. Dr. Bose is a well-known speaker and authority world over for advanced composites, renewable energy, and sustainability.

ACADEMIC AT A GLANCE:

Dr. Bose is an Alumnus of the Indian Institute of Management, Ahmedabad (India), Indian School of Business, Wharton Business School and Kellogg School of Management, USA and holds his Ph.D. from Washington University, USA. He has over 30 years of experience in the corporate

world as a successful Business Leader.

ACCOLADES:

Dr. Bose has been featured two times consecutively in the Forbes Magazine, in year 2011 and 2012. As the first Indian, who got inducted as Senator into the Senate of Economy, Germany, Dr. Bose has been invited to participate as a VIP Guest for the Nobel Peace Prize Forum in 2018 at Oslo, Norway. Norwegian Parliament has invited Dr. Bose for discussing renewable energy policy in 2018. Dr. Bose is the only Indian, invited by Norwegian Parliament for addressing the INDIA- Green Superpower summit in March 2024 as a speaker.
