ABOUT **ELETS**

INDIA'S FASTEST-GROWING
B2B MEDIA COMPANY

Elets Technomedia, Asia and the Middle East's premier technology and media research organisation, has spread its wings in India and worldwide. Since 2003, the organisation has been championing the cause of the governments, building knowledge-sharing platforms and highlighting the importance of innovations for governance, health, education, urban development, and banking and finance sectors through conferences, publications, and knowledge portals.

Elets' global conferences have invariably created knowledge-sharing platforms for top-notch thinkers and industry leaders linked to various arenas. Be it eASIA Malaysia in 2006 or eASIA Sri Lanka in 2009, eASIA Bangladesh in 2011, Global Innovation Conference, UK, in 2016 or World Education Summits in India and Dubai, to name a few.

ABOUT eGOV

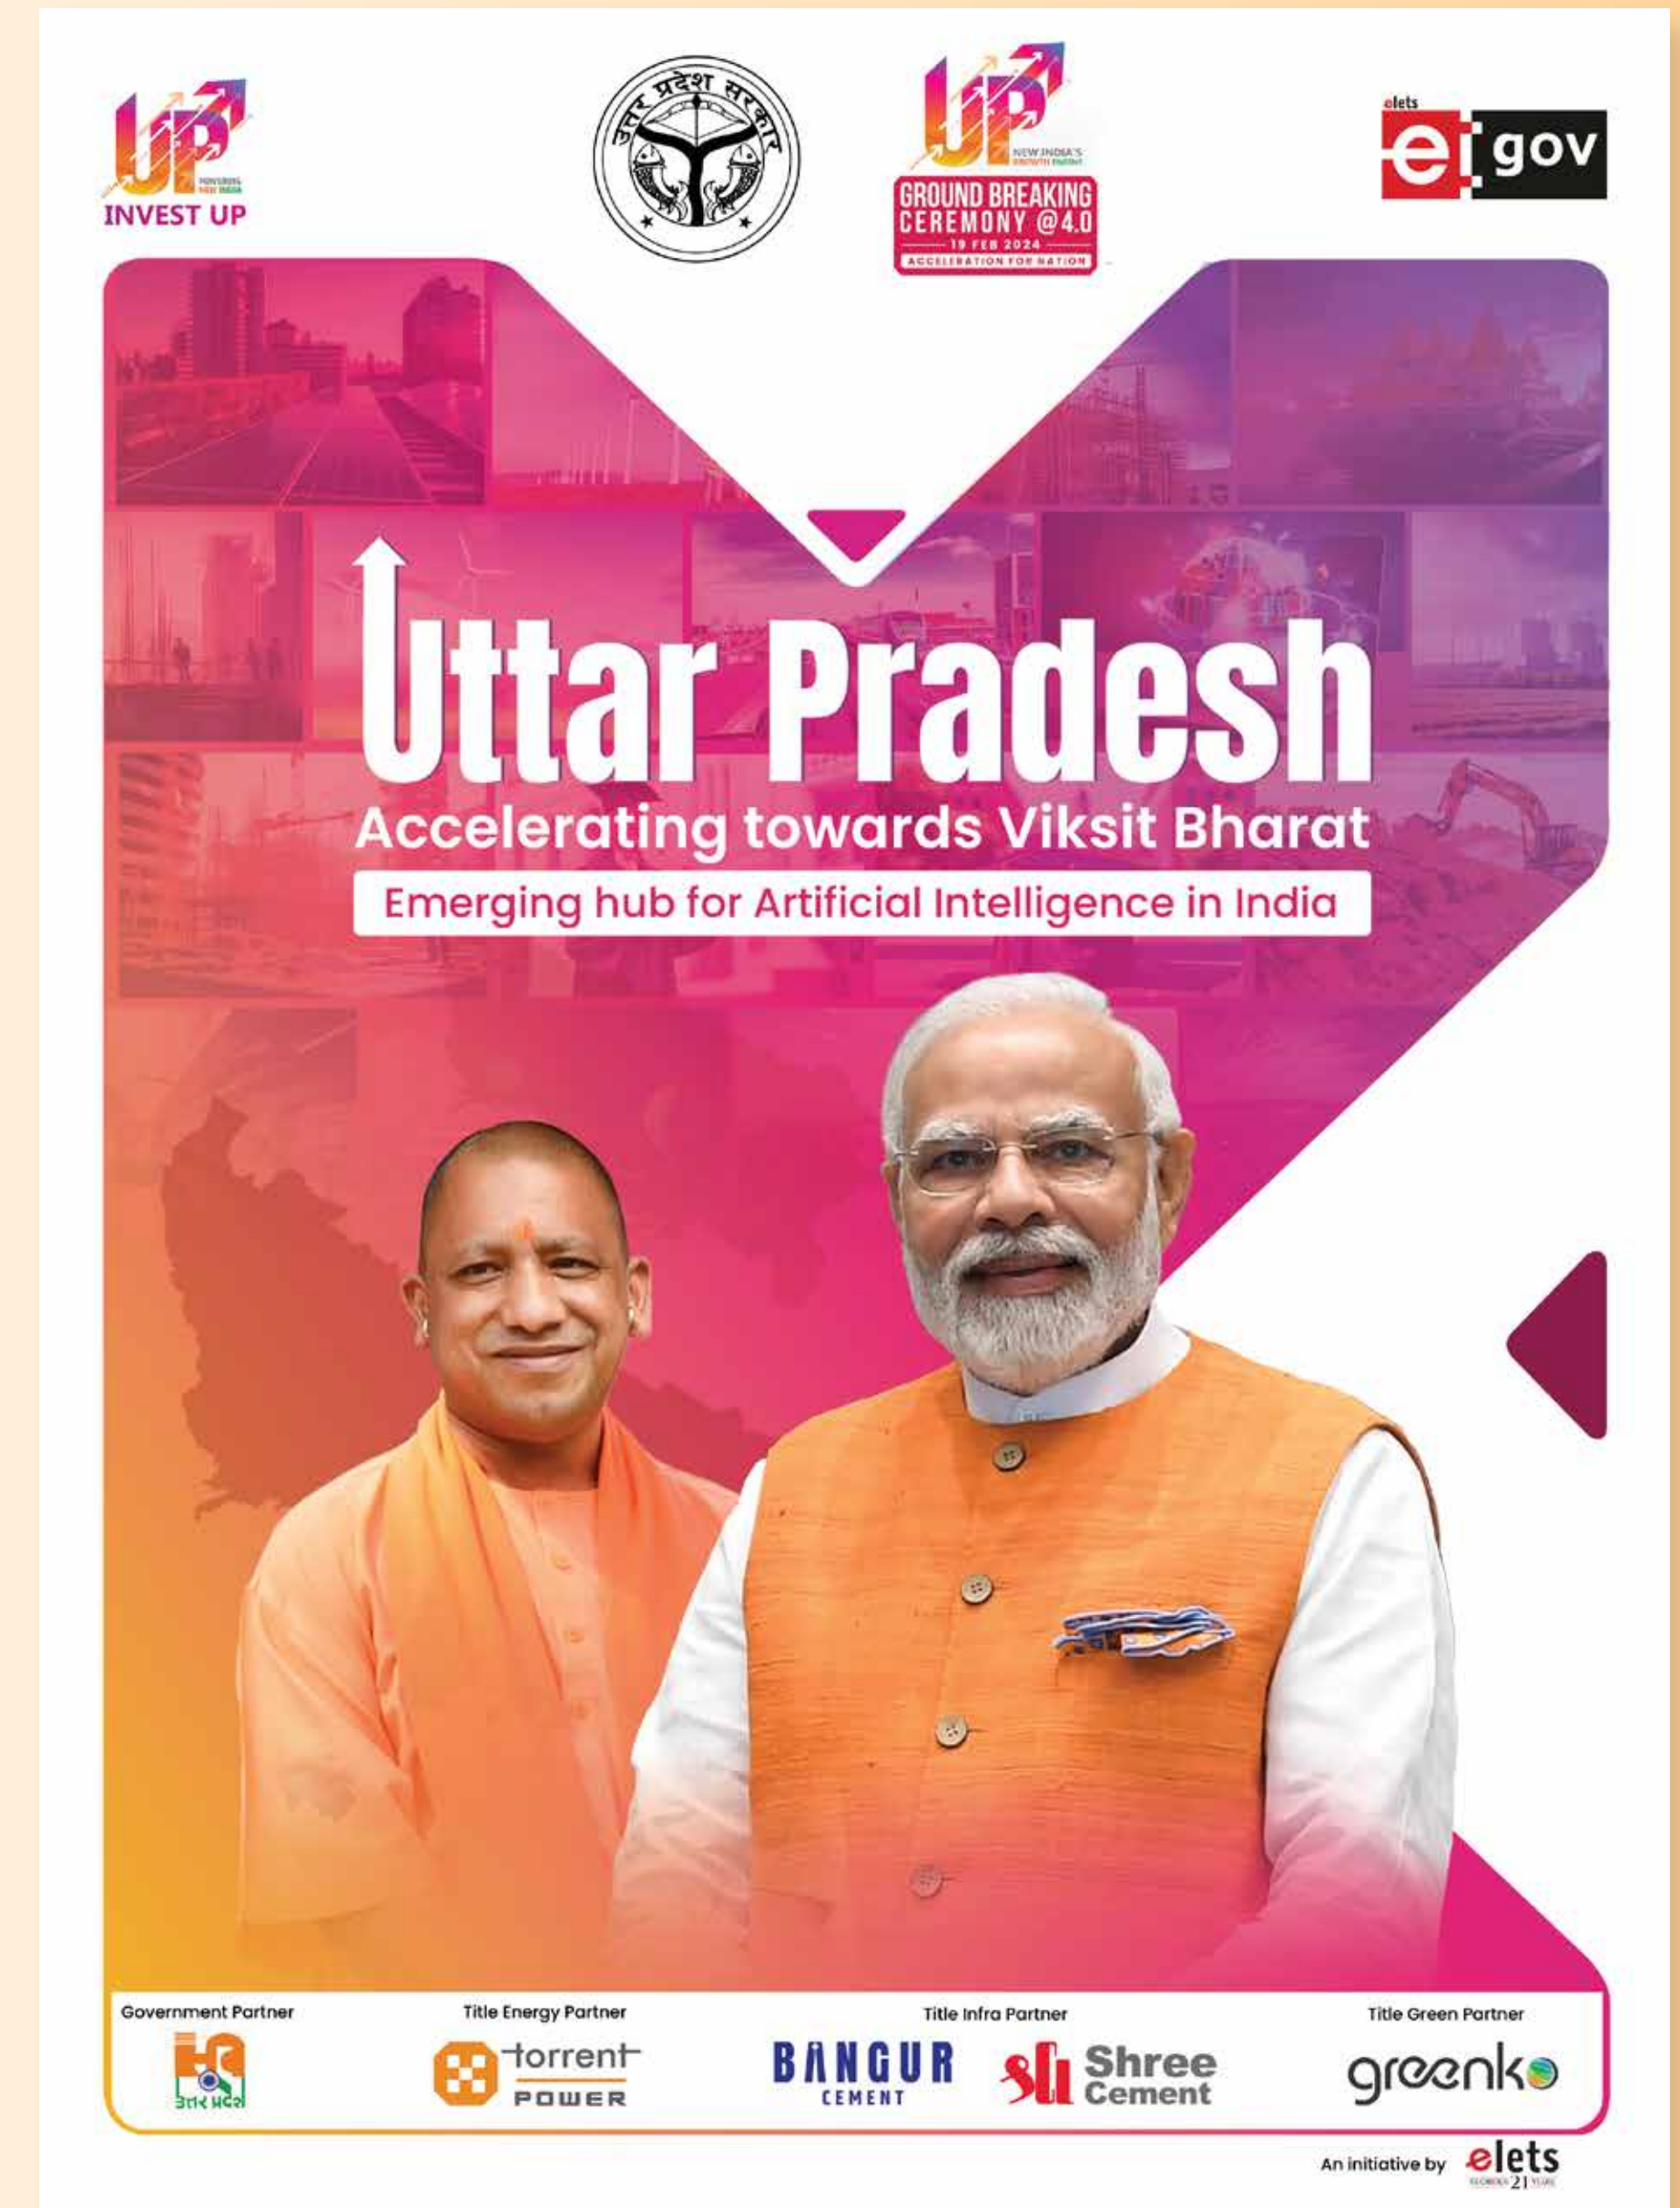

elets

eGov Magazine

The Largest Portal on e-Governance
in Asia and the Middle East

Established in 2005, eGov magazine proudly stands as Asia's first and foremost magazine dedicated to e-Governance. Our monthly publication reaches readers in print and online formats, aiming to foster innovation that enhances efficiency, accountability, and transparency in government initiatives for citizens and businesses alike.

eGov Portal

Your Gateway to Collaborative Solutions

The eGov portal is a dynamic platform that enhances the impact of e-Governance initiatives. It is an interactive hub where government entities, businesses, and citizens can collaborate, share knowledge, and discover innovative solutions to common challenges. Our ability to provide diverse viewpoints from every stakeholder in the e-Governance domain sets us apart. Policymakers, experts, industry leaders, administrators, and academia contribute valuable insights to our pages.

eGov Conferences

Uniting Visionaries and Practitioners

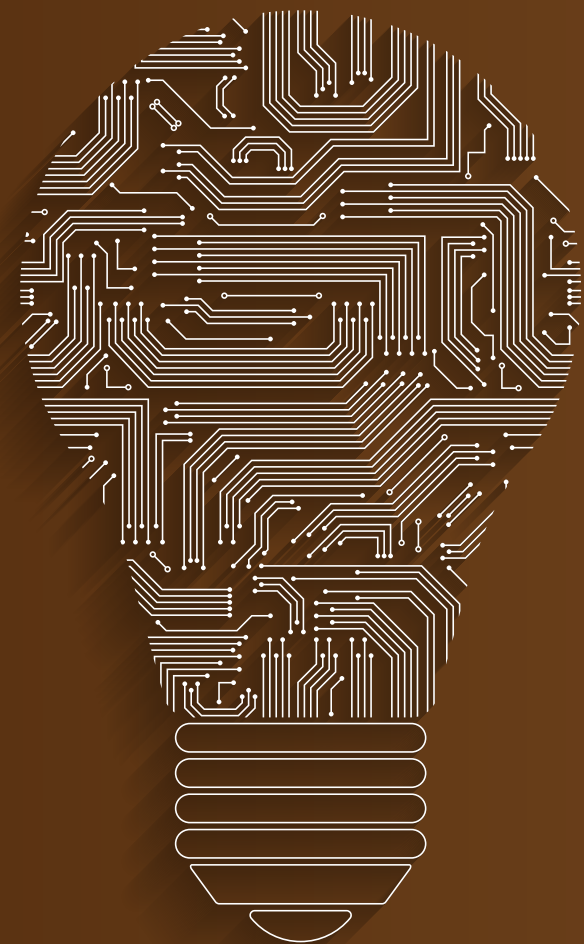

Beyond our print and online presence, eGov hosts exclusive conferences that bring together visionaries, practitioners, and decision-makers across the e-Governance landscape. Our conferences, often held in collaboration with state governments & departments, offer a unique opportunity to engage in in-depth discussions, exchange best practices, and explore the latest innovations & trends in e-Governance & its various sub-domains.

ABOUT eUP SUMMIT

The electronics industry is on a monumental rise, and Uttar Pradesh is poised to become a frontrunner in this dynamic field. With a Conducive Environment & Robust Policy, the State has received Investment Proposals of INR 4000+ Crores by the Electronics Manufacturing Companies.

To propel this vision **Elets Technomedia & eGov Magazine** is organising the **Elets eUttar Pradesh Summit – Powering the IT & Electronics Revolution**, along with the **Department of IT & Electronics, Government of Uttar Pradesh**, as the Host Partner. This one-day summit aims to propel the state towards a future powered by cutting-edge electronics technologies.

Join us as we drive the future of Uttar Pradesh's electronics industry and shape the state's transformation into a global hub for cutting-edge electronics manufacturing and innovation.
