

Digitising Healthcare Delivering Innovation

Dr. Ravi Gupta

INDIA'S FASTEST-GROWING B2B MEDIA COMPANY

Elets Technomedia, the premier technology and media research organisation of Asia and the Middle East, has spread its wings in India and across the world over the years. Since 2003, the organisation has been championing the cause of the governments, building knowledge-sharing platforms and highlighting the importance of innovations for governance, health, education, urban development, and banking and finance sectors among others through conferences, publications, and knowledge portals.

Elets' global conferences have invariably created knowledge-sharing platforms for top-notch thinkers and industry leaders linked to various arenas. Be it eASIA Malaysia in 2006 or eASIA Sri Lanka in 2009, eASIA Bangladesh in 2011, Global Innovation Conference, UK, in 2016, or World Education Summits in India and Dubai, to name a few.

CATALYSING HEALTH SINCE 2005

Established in 2005, eHealth has become a cornerstone in the ever-evolving landscape of healthcare. Through its online and print platforms, eHealth provides insightful guidance to stakeholders, navigating the intricate trajectory of healthcare characterised by rapid technological advancements and structural changes.

With a mission to create a vibrant community of practice, eHealth facilitates in-depth explorations of critical lacunas and promising opportunities within the healthcare sector, both within and beyond the Indian market.

As a pivotal voice within the Indian healthcare system with over a decade of experience, eHealth is not just a commentator but a proactive game-changer, advocating for innovation and transformation.
