## **Vision:** To Reinvent Innovation in School Education

Meet & Network with Decisionmakers from Government, Top Schools & Corporates Involved in Making 'Smart Education' a Reality: People who Lead, Operate and Build Innovative Education Ecosystem.

In today's digital era, technology is needed in every sector of education landscape. Now, schools are embracing technology & innovation to prepare for the future of learning. New technology is more integrated into the classroom than ever as educators and industry experts believe that students and teachers both can be benefitted from it and help in building a robust digital future. We all agree on the potential of ICT to have a significant and positive impact on education.

Elets Technomedia Pvt Ltd, a premier technology and media research organisation of Asia and the Middle East, is organising the 6<sup>th</sup> School Leadership Summit on 24 February 2018, in New Delhi with the vision to connect educators, policymakers, industry leaders and key stakeholders to share new ideas, best practices, latest trends with each other.

This would thereby be an apt platform pitching and professing the new technological advances in school education.

**Message from**  
**Dr Ravi Gupta**  
CEO & Editor-in-Chief,  
Elets Technomedia Pvt Ltd

“Looking at the surge in opening of schools in every nook and corner of the country, it's vital to discern the finest. Driven with our social and professional responsibility as the fourth pillar of the system, we rank schools by annually evaluating them on the basis of various parameters. It has driven them to compete to introduce the most innovative and visionary practices and be known for it. We have taken upon us this Herculean task to figure out and felicitate the leading temples of learning at a dignified platform of eduleaders and experts – School Leadership Summit.”

Dr Ravi Gupta, a social entrepreneur, has been promoting the concept of Information and Communications Technology (ICT) for the development of society, for last two decades through research, advocacy, conferences, publications, and workshops.

A doctorate in Business Economics, from University of Delhi, he is double M.Tech from prestigious institutions of IIT Roorkee, and IIT Kanpur.

Today, Dr Gupta is the founder publisher of premier magazines like egov, digitalLearning, eHEALTH, and the Banking and Finance Post. Having founded Elets Technomedia Pvt Ltd, a leading ICT advocacy organisation in Asia and the Middle East, he has conceptualised and organised several national and international conferences like eIndia, eAsia, World Education Summit in different parts of the world.
